dummies by john walkenbach**

June 3rd, 2020 - good beginners book for excel vba  
programming it should perhaps be made more obvious  
to readers that you have to have quite a reasonable  
knowledge of excel to begin with before reading  
this book it might also be worth pointing out that  
as this book is written for a now outdated version  
of excel there are quite a few notable differences  
to the written examples so a lot of the example  
coding'
