david allen

June 1st, 2020 - the sibley guide to trees is so well done  
that even the most serious birders may find themselves  
identifying and enjoying trees in their own right all  
aspects of the trees are shown leaves from above and below  
buds flowers fruits twigs and bark for most species the  
autumn leaves are illustrated and when appropriate new  
growth as well'

'sibley guides notebook

May 18th, 2020 - in the sibley guide to trees i used a  
more holistic approach like modern bird identification  
giving equal weight to all parts of the tree a tree might  
catch your attention because of its flowers twigs bark  
fruit etc and i don t think it s helpful if the field  
guide then asks you to check whether the leaves are  
alternate or opposite'

'the sibley guide to trees the untended garden a blog  
April 28th, 2020 - autumn is a great time to look at trees  
and a new tree guide was published last year by david  
allen sibley best known for his bird books the sibley  
guide to trees is more than just an identification guide  
it is a veritable encyclopedia covering over 600 kinds of  
trees found in north america best of all the book doesn t  
use photographs it uses illustrations all painted by  
sibley himself''the 6 best tree identification guides of  
2020
