June 3rd, 2020 - multisession cd a multisession cd is a recordable cd format like a cd r that allows the recording of a pact disk to be conducted in more than one recording session if there is free space left on the cd after the first session additional data can be written to it at a later date each session has its own lead in program area and lead'

'in the hot seat by emerson lake amp palmer on music

May 19th, 2020 - on cd 1 you get the plete album plus 3 bonus tracks 2 of which from the live part of the release the album itself is pretty good rather than be an explosive album as previous releases have been this is a bit more subdued for me personally that works because it shows a very different aspect of the band so onto cd 2'
