'SECOND EDITION archaeology ru

May 3rd, 2020 - agreed Given the success of the book a new edition seemed warranted particularly as it is the only textbook devoted entirely to the concepts of stratigraphy in archaeology In considering a revised edition it was decided to keep the book as small as possible in order that it would remain accessible to students of archaeology'

'Types of stratigraphy

May 4th, 2020 - *Stratigraphy is the modern day concept of studying about the layers strata which were deposited with time Depending on how the layers are deposited on the ground archaeologists study the history and civilisation of people who lived during that era The concept of stratigraphy is based on a law called the law of superposition where it is said that the layers which were deposited at the"***Thank You Harris Matrix**
