Excess Mortality in Harlem NEJM

January 17th, 1990 - In recent decades mortality rates have declined for both white and nonwhlte Americans but national averages obscure the extremely high mortality rates in many inner city communities Using data from the 1980 census and from death certificates in 1979 1980 and 1981 we examined mortality rates in'

'**Classification Accuracy is Not Enough More Performance**
March 20th, 2014 - When you build a model for a classification problem you almost always want to look at the accuracy of that model as the number of correct predictions from all predictions made This is the classification accuracy In a previous post we have looked at evaluating the robustness of a model for making'
