'the partisan republic colonial myths and memory wars in

April 5th, 2020 - the partisan republic was a cultural construct upheld by the institutions of the soviet state memory was manufactured and manipulated by means of centralized control over both the hardware and software of cultural memory that is respectively the physical manifestations of memory e g monuments and buildings and the body of texts that describe discuss and delimit the relevance'  
'introduction springerlink

March 30th, 2020 - abstract breath eyes memory 1994 the debut novel of haitian author edwidge danticat follows the fortunes of sophie who struggles to e to terms with the traumatic past of being tested by her mother martine the tradition of identifying that a girl s hymen remains intact yet she is also deeply affected by her mother s personal trauma which martine speaks of above"  
prof dr andrew james johnston freie universität  
May 16th, 2020 - thus in literature written in english the second world war has bee something of a perfect narrative theatre in which to stage issues of history and memory identity and experience story telling and myth making and to cast these issues in terms of perspectives depending on the frequently conflicting dynamics of class nation and gender'

'decolonizing trauma theory retrospect and prospects

May 22nd, 2020 - postcolonial literature provides many examples that support the claim that trauma itself instigates a strong need for narrative in order to e to terms with the aftermath of colonial wounding the work of m?ori writer patricia grace for instance centrally poses that the injustices and wrongs of colonialism produce a restless state in which trauma must be brought to light through narrative'
